March 1978

U.S. SEED EXPORTS CONTINUE TO EXPAND— MEXICO AND ITALY NOW LEADING MARKETS

During calendar 1977, the value of U.S. seed exports totaled \$156 million, an increase of 13 percent over those of the year earlier, largely because of the higher unit value of seed corn exported. Forage and vegetable seed exports also rose in value.

For the 6-month period, July-December 1977, forage and vegetable seed each accounted for about one-third of the total value, rising 12 and 9 percent, respectively, compared with the same months of 1976. Larger shipments of alfalfa and ryegrass, however, were more than offset by reductions in other forage seeds. Corn rose slightly, while sorghum dropped sharply.

Larger shipments to Mexico and Italy moved those markets to first and second place, while Canada and Japan dropped to third and fourth.

CORN, GRAIN SORGHUM SEED TOTALS

Possible trade errors in reporting or recording exports of corn and grain sorghum seed may have distorted any totals in this circular that include these two seeds.

LIST OF TABLES

	Page		Page
Summary (table)	2	Timothy	25
